Merthyr Village Shopping Centre

Website Design and Development

Merthyr Village Shopping Centre

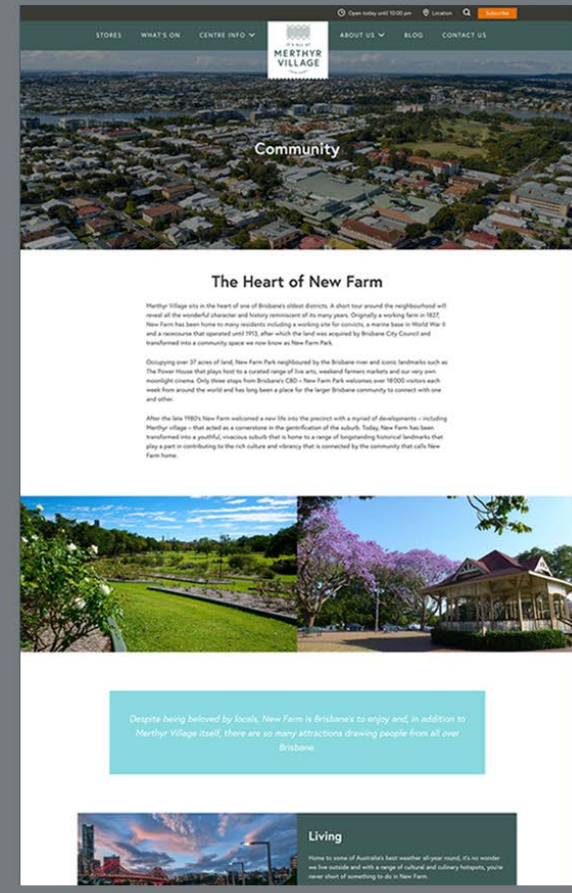

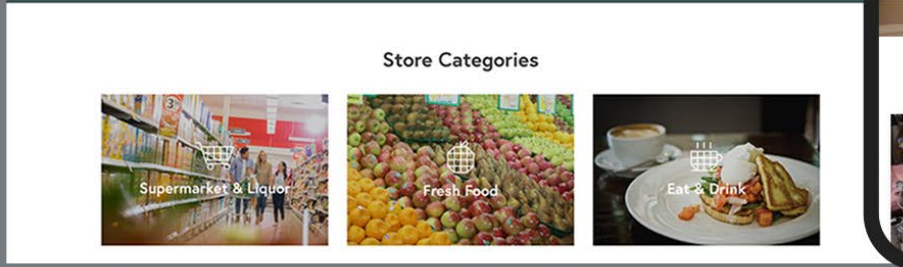

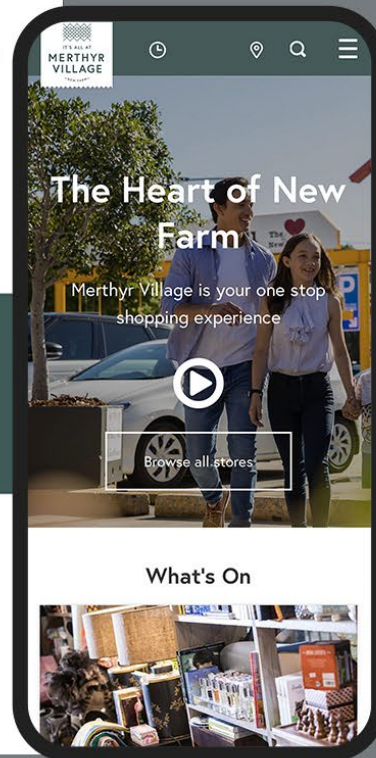

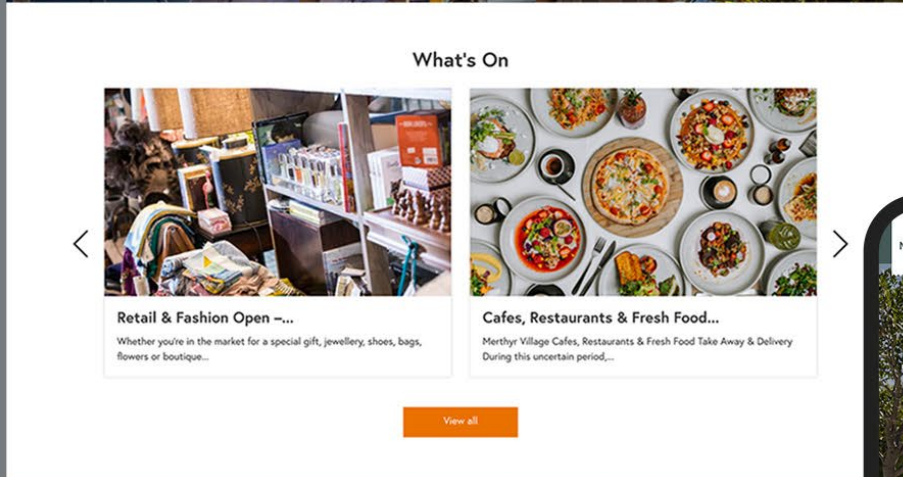

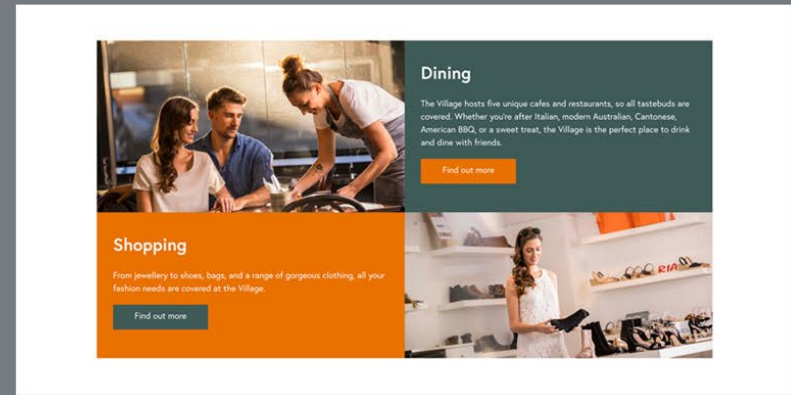

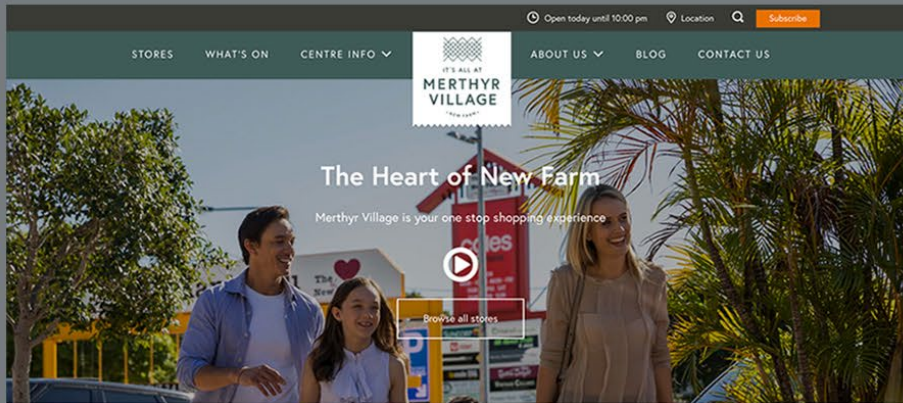

Follow has worked with the iconic Merthyr Village precinct for many years, designing and launching an online presence to expose the amazing depth of products and experiences available. Nestled in Brisbane's delightful riverside suburb of New Farm, Merthyr Village is a source of fresh produce, dining experiences, and professional, personal and community service providers.

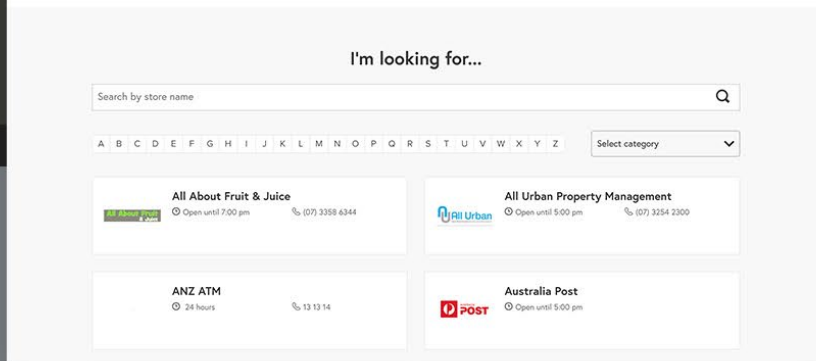

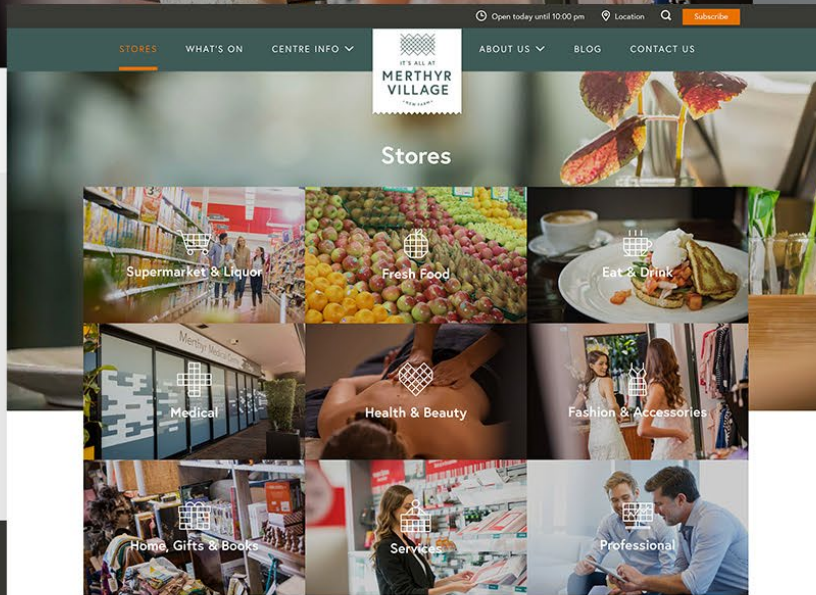

The Village is a true 'one stop shop' for New Farm locals, but also attracts visitors from out of the suburb due to its high quality range of offerings.

It was Follow's role to demonstrate everything available in this complete shopping and services hub, in a digital format.

We further work with our client on an ongoing basis to promote special events, such as designing and launching an online store for the Mother's Day event. All stores in the precinct combined to offer a bespoke solution for pickup and delivery of a comprehensive range of Mother's Day meals, flowers and gifts. Follow designed the artwork and custom development to launch the full-featured secure ecommerce store allowing the precinct to sell online with a dazzling array of options for Mum!
